SPRINGDALE NEWS

PROPERTY REVALUATIONS. With the rising values of real estate over the past few years, we need to have all Springdale properties reassessed in 2024. More details will be available in the spring.

TOWN HALL BUILDING. A thorough examination of our 43-year-old building by a professional engineer has shown that roof leaks over the years have caused rot in at least three trusses. More evaluation is underway, but we have budgeted \$100,000 to repair or replace the roof and defective trusses. A new ventilation system may also be required in the shop.

BRIDGE REPLACEMENT. The bridge on Town Hall Road over Schlapbach Creek is showing its age. The Board is working towards replacement in 2025. Estimated cost is in the area of \$380,000+. We are actively seeking grants now but expect we may have to borrow a good part of that sum to accomplish replacement.

1915 TOWN HALL. Thanks in part to a grant from the Mt. Horeb Community Foundation, we are pleased to have replaced the crumbling steps on the historic town hall and have installed a new front door more in keeping with the original historic appearance. We have budgeted to have the trim painted in 2024.

CAPITAL IMPROVEMENT PLANNING COMMITTEE. Our Treasurer, Rebecca Boelhower-Santi, has been leading a committee to help us plan financially for replacement of capital equipment and future road maintenance. Many thanks to Rebecca, Karl Hacker, Bill Garfoot, Keith Sadler, Rod Hise, & Devin Dahlk for volunteering for this important work.
