SPRINGDALE NEWS

UPDATE ON TOWN HALL BUILDING: In 2024 the Town needed to complete several important repairs on our 43-year-old Town Hall and shop. Three rotted trusses and one cracked truss in the shop attic required repair. A new roof was also installed, along with repairs to a support column and installation of new trim around all garage doors. Engineering work is being done now on a new ventilation system for the shop. \$100,000 was budgeted and the total bill will be near \$90,000. The board has also budgeted for added insulation in the attics above the shop and office to reduce heating costs.

SALT SHED UPDATE: The DNR required that we replace slabs of concrete flooring in the salt shed to reduce salt infiltration into the soil. The Board also decided to expand the concrete pad on the south side of the shed to prevent salt and sand from washing into the nearby creek.

BRIDGE REPLACEMENT: The bridge on Town Hall Road over Schlapbach Creek is scheduled for replacement in 2026. The total estimated cost is \$665,000. The Town has received a state grant for \$298,000 and has applied for a county bridge grant as well. We expect that we will need to borrow a significant sum to accomplish the job.

CAPITAL IMPROVEMENT PLANNING COMMITTEE: Springdale resident and former Treasurer, Rebecca Boelhower-Santi, has led a committee to help plan financially for replacement of capital needs such as equipment and future road maintenance. Many thanks to Rebecca, Karl Hacker, Bill Garfoot, Keith Sadler, Rod Hise, & Devin Dahlk for volunteering for this important work.

MOUNT VERNON PARK: In June the Town elected to allocate \$46,500 to the Mt. Vernon Park Board to take care of needed repairs and new playground equipment. Those funds came from money received due to the Cardinal-Hickory powerline running through the Town.
