Vote: Voice vote: 7-eyes, 0-nays

Background: In July 2021, PC approved revised concept plan which included two density units North of PD by the original farmhouse.

Discussion: PC Discussed that Lot 2 has the existing home and existing driveway. Lot 1 will need a driveway approval. Both lots will share access off of PD. PC referred landowner to construction guide on Springdale website. Whomever buys lot 1 will need to pull a driveway permit to put in the actual driveway.

MOTION: Sullivan/Healy to recommend to the Town Board to approve that these parcels be rezoned for residential development consistent with their acreage from AT 35 to RR2 for Lot 1 and from AT35 to RR4 for Lot 2 with the stipulation that there are no further divisions of these lots per the Town of Springdale Land Use Plan.

Discussion: The Plan Commission discussed that zoning is consistent based on the acreage of Lot 1 and Lot 2. The PC also discussed that there would be no further divisions of these lots per the Town of Springdale Land Use Plan. The lots are being sold as residential lots.
